PRINT-AND-CUT KIT · A4

BEFORE YOU PRINT

Print every page at **100% / Actual size** — never “Fit to page” — or the tokens and templates won’t match the map tiles. Check the first print with a ruler: the bar must measure exactly 100 mm and the square exactly 32 mm.

WHAT'S IN THIS FILE

2	CARD BACKS (OPTIONAL)	Print on the reverse of pages 3 and 4, flipping on the long edge — 18 backs.
3	FRAGMENT CARDS 1 / 2	Starting deck: 3 Fire, 2 Water, 2 Rock, 2 Beam.
4	FRAGMENT CARDS 2 / 2	2 Cross (starting deck) + 6 loot cards (wax seal) + Max Potion.
5	ENEMY REFERENCE CARDS	8 cards: stats, attack, attack pattern, drops.
6	TOKENS	26 unit tokens (incl. spares), 20 HP, 6 mana, 12 status tokens.
7	SHAPE TEMPLATES 1 / 2	Cross (doubled), Beam.
8	SHAPE TEMPLATES 2 / 2	Cross, Unstable Fire, Beam (doubled).
9	BOSS PIECES	2 Erasure Zones (3×3), your Wizard card, 2 charge markers, 6 stack counters.
10–11	ROOM 1 — THE CISTERN	6 × 6 map across two sheets.
12–13	ROOM 2 — THE SCRIPTORIUM	6 × 6 map across two sheets.
14–15	ROOM 3 — THE REDACTOR	8 × 8 boss map across two sheets.

Starting deck = the 9 cards on page 3 + the 2 Cross cards on page 4 (11 cards). Keep the wax-sealed loot cards and the potion out of the deck until an enemy drops them.

ASSEMBLING A MAP

1. Print the left sheet and the right sheet of the room.
2. On the right sheet, cut along the gold dashed line at its left edge.
3. Glue or tape that cut edge onto the GLUE HERE tab of the left sheet, so the edge sits exactly on the tab's inner line.
4. Line up the gold triangles above and below the grid — tip to tip — and check that the grid lines run straight across the join.

ITEM

MAX POTION

Drink: 1 action — restores your HP to full (20). Keep it until you need it — it carries into later rooms, including the boss room.

LOOT · WARDEN DROP

1. RAT

HP 2 ACTIONS 3

ATTACK 1 dmg to one adjacent tile.

Moves in packs — punishes single-target spells.

DROPS Fire fragment

2. ARCHER

HP 3 ACTIONS 2

ATTACK 2 dmg, range 4, in a straight or diagonal line. Blocked by pillars.

If you're adjacent when its turn starts, it spends both actions backing off 2 tiles.

DROPS Beam fragment

3. BRUTE

HP 6 ACTIONS 2

ATTACK 3 dmg to one adjacent tile.

Slow but tough — a tempo check, not a puzzle.

DROPS Rock fragment

4. LEECH

HP 4 ACTIONS 2

ATTACK Drains 1 mana (not HP) from one adjacent tile.

Pressures your meditation, not your HP.

DROPS Water fragment

5. WARDEN

CROWNED

HP 8 ACTIONS 2

ATTACK 5 dmg wave down a straight or diagonal line — any length. Passes through monsters; stops at you, a pillar or a wall.

Moves until you're in its line, then spends 1 action charging — that ends its turn (point the charge marker at you). Next turn it slashes down that line. Step off to dodge. Stun cancels the charge.

DROPS Max Potion (+ unlocks the exit)

6. PAGE WARD

*3, BOSS ROOM

HP 4 ACTIONS 1

ATTACK None — does not attack.

Only spells with its element (Fire / Water / Rock) hurt it. Action: summon 1 Page Scrap on a free tile next to it, then rest for one round.

DROPS Nothing

7. PAGE SCRAP

BOSS ROOM

HP 1 ACTIONS 4

ATTACK Steal (1 action): a random fragment from your hand goes under the Scrap.

Wards up: steal, walk to The Redactor, feed (+1 stack), flee — keeping the card. Stacks at 5: all flee. Wards down: they trap you.

DROPS The card it carries (back to your hand)

8. THE REDACTOR

BOSS

HP 18 ACTIONS 2 / 4 / 3

ATTACK 3 dmg to all 8 tiles around it. Chaos: each attack leaves a 3x3 Erasure Zone.

Wards up: 2 actions, may attack twice; immune. Wards down: 1 chaos turn per stack (max 5), 4 actions, no attacks back to back. Stacks gone: 3 actions, 1 attack.

DROPS Nothing — beat it to win

UNITS

HP & MANA

STATUS

CROSS (DOUBLED)

Two Cross cards.

Reaches 2 tiles out each way (8 tiles).

BEAM — BASE

2 tiles. Place the near edge at your tile; it points the way you cast.

If a template hangs off the edge of the board, the tiles that fall off the grid simply aren't hit.

CROSS — BASE

The 4 tiles around you.

The marked square is you; it isn't hit.

UNSTABLE FIRE

3×3, centred on the gold dot — that's you.

Fire + Fire + Fire, once per fight.

BEAM (DOUBLED)

Two Beam cards — 4 tiles, same direction.

If a template hangs off the edge of the board, the tiles that fall off the grid simply aren't hit.

ERASURE ZONE ×2

Lay it centred on The Redactor after each chaos attack — 9 tiles, including its own. If you end your turn on it, a random fragment from your hand is erased.

WARDEN CHARGE MARKER ×2

Point it from the Warden at you when it charges. Remove it after the slash.

ERASURE STACK COUNTERS ×6

One per fragment a Page Scrap feeds to The Redactor (max 5). Remove one at the end of each chaos turn.

ROOM NOTES

Teaching room. The exit is open the whole time — you may leave as soon as you want, but every enemy you skip is a fragment you don't get. Target: clear it in 3–4 of your turns.

KEY

Pillar — blocks line of sight for ranged attacks.

Start — put the YOU token here.

Exit (open) — step on it to leave whenever you like; enemies you skip don't drop their fragments.

Each tile is exactly 32 mm. If yours measures differently, reprint at 100% / Actual size.

ROOM NOTES

Defeat the boss to finish the demo. While any Page Ward stands, the boss takes no damage — each Ward only takes damage from its own attuned element. Wards summon Page Scraps every other round.
